

## Dumplings with Royal Baking Powder

No dessert is more delicious, wholesome and appetizing than a well-made dumpling, filled with the fruit of the season. By the use of the Royal Baking Powder the crust is always rendered light, flaky, tender and digestible. Dumplings made with it, baked or boiled, will be dainty and wholesome, and may be eaten steaming hot with perfect impunity.

**RECIPE.**—One quart of flour; thoroughly mix with it three teaspoons of Royal Baking Powder and a small teaspoon of salt; rub in a piece of butter or lard the size of an egg, and then add one large potato, grated in the flour; stir the butter well mixed, stir in milk and knead to the consistency of soft biscuit dough; break off pieces of dough large enough to close over four quarters of an apple (or other fruit as desired) without rolling, and lay in an earthen dish (or steamer) and steam until the fruit is tender. Bake if preferred.

In all receipts calling for cream of tartar and soda, substitute Royal Baking Powder. Less trouble, never fails, makes more appetizing and wholesome food and is more economical. Royal Baking Powder is specially made for use in the preparation of the finest and most delicate cookery.

## The State Elections.

Reports From Tuesday's Contest of Ballots.

### THE RETURNS NOT YET ALL IN.

**Democrats Claim the States of Ohio, New York, Virginia and Iowa—Ohio Legislature Probably Democratic—General Mahone Arrested for Shooting a Man. Other Election News.**

**COLUMBUS, O., Nov. 6.**—Seven hundred and twelve voting places outside of Cincinnati gives Foraker 112,024; Campbell, 106,955; Helwig, 5,351. Same in 1887, Foraker, 109,741; Powell, 98,185; Sharp, 5,540.

The latest estimates give the Republicans a majority in legislature on joint ballot.

#### Cincinnati Vote.

**CINCINNATI, Nov. 6.**—Complete returns from this city give Foraker 28,662; Campbell 31,714.

Schneider, Republican candidate for the senate will probably be elected by a small majority. All the rest of the Democratic ticket is elected.

#### New York.

**NEW YORK, Nov. 6.**—In this state a secretary of state, comptroller, treasurer, attorney general, engineer, judge of the court of appeals, three supreme court judges two congressmen, thirty-two senators, 128 assemblymen and various local officers were chosen.

From returns received up to 2 a. m. it was ascertained that the next legislature will be composed: Senate, twenty-one Republicans, eleven Democrats; assembly, sixty-seven Republicans, sixty-one Democrats. For judge of general sessions the county Democracy's nominee, Fitzgerald, at present assistant district attorney, defeated Judge Henry A. Gildersleeve, the Tammany nominee by a small majority. The complexion of the board of alderman will show about the same relative Tammany strength shown in the legislature.

New York city complete gives Gilbert, 66,732; Rice, 129,091; Griffin, 624; Cooke, 68,602; Keemple, 126,241; Rand, 638.

Kings county county complete gives Rice, 69,173; Gilbert, 35,328.

Mayor Chapin is re-elected mayor of Brooklyn. Democratic majority in New York state is not far from 20,000 according to indications at the Sun office.

One hundred and twenty-one election districts in the state outside New York and Brooklyn give Rice, 115,575; Gilbert, 142,158. Same districts in 1887 gave Cooke, 118,024; Grant, 138,297. Tammany elects fourteen assemblymen out of twenty-four and three out of seven senators.

#### Iowa.

**DES MOINES, Iowa, Nov. 5.**—The elections in this state yesterday were for governor, lieutenant governor, judge of the supreme court, superintendent of public instruction and railroad commissioner.

Three hundred and eighty-seven precincts give Hutchinson 43,935; Boies, 53,106; Smith, 4,503; Morgan, 43,329; Given, 44,344; Brennan, 44,330. Net Democratic gain, 3,919. This rate of gain continued will make the state Democratic by 8,000.

The Democrats claim the state by from 7,000 to 10,000. Chairman Pray, of the Republican state central committee does not give it up, but will give no figures. The State Register claims that the last one hundred precincts heard from have shown exceptional Democratic gains and that the others to come will not keep it up, but that the back precincts will show Republican gains enough to wipe out the Democratic gains. Many Republican leaders have given it up and gone home. The indications point very strongly to the election of Boies, Democrat.

Later returns show the election of the entire Democratic state ticket by a majority probably exceed 10,000. Boies for governor seems slightly ahead of balance of the ticket.

#### New Jersey.

**TRENTON, N. J., Nov. 6.**—The elections in this state yesterday were for governor, one-third of the state senate and members of the legislature and county officers. Returns come in slowly. Enough is in, however, to make it certain that Abbott is elected by an overwhelming majority, and that the Democrats have retained control of the assembly. The latest returns indicate that the senate will be eleven Republicans to ten Democrats, and the assembly thirty-three Democrats to twenty-seven Republicans.

The incomplete returns show gains for Abbott over his vote of 1885 and will undoubtedly carry the county by 8,000 to 10,000 majority. The Democrats will control the board of freeholders. They also elect state senator, register and county clerk and director at large. The assemblymen are Mulone, Democrat, in the First district by 900 majority; Second, Byrnes, Democrat; Third, Murphy, Democrat; Fourth, Heppenheimer, Democrat; Fifth, Potts, Republican; Sixth, Erwin, Democrat; Seventh, Kelly, Democrat, probably re-elected; Eighth, Boyle, Democrat; Ninth, Fagan, Democrat; Tenth, Usher, Democrat.

#### Virginia.

**RICHMOND, Va., Nov. 6.**—The election in this state yesterday was for governor and other state officers and members of the legislature.

Governor Lee has sent the following dispatch to ex-President Cleveland: "Virginia has buried Mahone by probably 30,000 majority."

Alexandria City gives 467 majority for McKinney, a Democratic gain of 325.

Clarke county gives 850 majority for

McKinney. Democratic gain 150.

#### Maryland.

**BALTIMORE, Nov. 6.**—The Democrats have elected their candidate for mayor, chief judge, clerk of the supreme court, city surveyor and sheriff.

#### Massachusetts.

**BOSTON, Nov. 6.**—The elections in this state yesterday were for state officers and the legislature. The Australian ballot system was used for the first time.

Returns come in very slowly, but up to this hour Brackett is undoubtedly elected governor, his plurality being variously estimated at from 3,600 to 7,000. The legislature results cannot be ascertained until later.

The complete vote of this city for governor is Russell, Democrat, 28,000; Brackett, Republican, 22,922; Blackmer, Prohibitionist, 1,515. Russell's plurality, 5,084.

**BOSTON, Nov. 6.**—Yesterday's experience has seemed to prove beyond doubt the success of the Australian system of voting, and testimony from all sections of the state is almost unanimous in its praise. In this city the voting places presented a remarkably quiet appearance and the scenes therein in many cases were in marked contrast to those usually witnessed. Voting proceeded with dispatch and voters enjoyed a freedom from the opportunities of ballot distributors that they have never known before.

#### Nebraska.

**LINCOLN, Neb., 6.**—Late returns indicate a Republican majority in the state of 20,000.

The vote in Nebraska was small, notwithstanding the day was fair all over the state. The estimated majority for the Republican state ticket is from 15,000 to 20,000.

Chairman Richards, of the Republican state central committee, says the returns so far received are very meager, but it is safe to say that Norville, Republican, for supreme judge, has been elected by 17,000 majority. Morrill and Knight, Republicans, state university regents, by 20,000 majority, and Laws, Republican, for congress from the Second district, to succeed the late Congressman Laird, by 7,000.

#### Mississippi.

**JACKSON, Miss., Nov. 6.**—The elections in this state yesterday were for governor and other state officers, members of legislature and county officers.

The election in this state was uneventful, except in a few counties where local differences existed, and where two tickets were in the field. The Republican state ticket was recently withdrawn.

#### In Chicago.

**CHICAGO, Nov. 6.**—Election in this (Cook county) yesterday resulted in a victory for the Democrats. Crawford, Democrat, for recorder, is elected over Stephens, Republican, by a safe majority. The Democrats elect ten of the county commissioners and the Republicans five.

#### Wyoming Territory.

**CHEYENNE, W. T., Nov. 6.**—Returns from towns along the railroads indicate that the constitution has received a large majority of votes. Snow and bad roads delay country returns, but there is no reason to doubt that the constitution has been adopted.

#### Nebraska.

**LINCOLN, Neb., Nov. 6.**—Nebraska voted yesterday for minor state and county officers, and a congressman, to fill the vacancy caused by the death of James Laird, Republican, in the Second district.

#### Pennsylvania.

**PHILADELPHIA, Nov. 6.**—Returns from fifty-seven of the ninety-seven counties of the state, including Philadelphia and Allegheny counties, give Boyer, Republican, for state treasurer, 62,115 plurality over Bigler, Democrat.

#### Nashua, N. H.

**NASHUA, N. H., Nov. 6.**—The municipal election yesterday resulted in the re-election of Mayor C. H. Burke, Democrat, by 109 plurality, with a Democratic coalition on a joint ballot.

#### Pennsylvania.

**HARRISBURG, Nov. 6.**—State treasurer was the only officer voted for in this state yesterday.

#### GEN. MAHONE ARRESTED.

He is Charged With Shooting Herbert P. Harrison.

**PETERSBURG, Va., Nov. 6.**—Gen. Mahone was arrested last night, charged with shooting Herbert P. Harrison, who, with a number of companions was sending off fireworks in front of Mahone's residence. Mahone is now at the station house and Mayor Collie is investigating the case.

Mahone denies having fired the shot or that any one on his premises fired it. Harrison is wounded in the fleshy part of the thigh, the ball going entirely through the leg, but not inflicting a serious wound.

The hearing at the station house resulted in Gen. Mahone being held for the action of the grand jury, and bound over to the December term of the Hustings court in \$2,500 bail.

#### Almost a Riot.

**PORTSMOUTH, Va., Nov. 6.**—At Globe precinct in Norfolk county, about three-quarters of a mile outside of the corporate limits of Portsmouth, a difficulty occurred yesterday afternoon between one of the Democratic judges of election and a white Republican in which pistols were drawn, and the judge of election fired at his opponent, but his ball missed its mark and struck a negro man in the eye inflicting a fatal wound.

At that precinct the negroes outnumbered the whites about four to one, and they became very riotous, threatening to kill the judge of election as soon as he should come outside his polling

booth. The mayor of Portsmouth sent six policemen there to preserve the peace.

#### Election Quarrel Ends Fatally.

**NEW YORK, Nov. 6.**—During an election quarrel at Grand and Sullivan streets yesterday afternoon among a number of negroes, Charles May, aged 23 years, was fatally stabbed by Robert Eggs. The murderer and two companions have been arrested.

#### CRIMINAL CARELESSNESS.

**The Coroner's Verdict in the Cincinnati Incline Plane Accident.**

**CINCINNATI, Nov. 6.**—Coroner Rendigs has rendered his verdict in the matter of the Main street inclined plane horror. The finding has a true ring. It places the Cincinnati Incline Plane Railway company in a bad light.

"Upon the company and its employees," says the coroner, "rests the blame for the tragedy, and they are deemed to be guilty of criminal carelessness."

The finding is short and concise, and speaks for itself. After detailing the names of the victims the report says:

"I further find that the immediate cause of the accident was in the failure of the pilot, Charles Goble, to properly work the throttle and thereby stop the car. I also find from the expert testimony that a piece of iron was found in the steam chest which a part of said testimony claims might have seriously interfered with the proper working of the valve."

"However this may be, it could not have interfered with the workings of the other appliances for stopping the car sufficiently to have caused the accident. I further find that had the pilot used his brake and his reverse lever, as he should have done, when he saw the car approaching at such an unusual speed, the accident could not have occurred."

"I also further find that had the draw cable and safety rope, or either of them, been properly fastened they could not have been pulled loose under the circumstances, and thereby allowing the car to take its headlong flight down the incline, carrying its load of precious freight to certain destruction."

"I finally find that the employees in immediate charge of the machinery are guilty of criminal carelessness, for not stopping the travel and carefully examining the machinery when the same refused to work properly at 10 o'clock a. m. on the same day, and only two hours previous to the terrible accident."

#### WOMEN WITH CLUBS

**Attack and Demolish a High-Toned Gin Mill in a Prohibition Town.**

**BLUE SPRINGS, Mo., Nov. 6.**—John Haley came here a week ago from Argentina, Kan., and opened a quiet clubroom. The local laws governing Blue Springs are of the strict prohibition kind, but as Haley kept a high-toned place no one interfered with him.

Saturday night at 8 o'clock twenty-five women belonging to the temperance organization of the town, masked and armed with clubs, made an attack on the clubroom. They broke in the door and found seven or eight inmates engaged in a game of cards. They ordered them out of the room and then began knocking the bugs out of beer kegs and whisky barrels. Haley made a show of resistance, but he was hit on the head with clubs and finally ran down the street with four women after him. He escaped in the roller mill.

The women smashed the bottles and glasses and poured the whisky in the street. One of the old soaks who remained on the sidewalk appealed to the women not to destroy the whisky, but to take it home and keep it for medical purposes. "That's mighty good whisky, ladies," he cried, "and the Lord didn't intend it should be dumped in the gutter while there are so many poor sick people around. I am not feeling well myself." This last was a signal for attack, and the man was compelled to take to his heels. The club room and all its attractions were destroyed. The women are the leading matrons of the town.

#### ALL BY ELECTRICITY.

**The President Opens the Southern Exposition at Montgomery, Alabama.**

**WASHINGTON, Nov. 6.**—By touching his finger to a telegraph key at the White House yesterday, the president set the machinery of the Southern Exposition at Montgomery, Ala., in motion. There was a cabinet meeting at the White House, and a few minutes before 1 o'clock a recess was taken, and the president and his official family went to the telegraph operator's room and stood around the instrument which had a through connection with the exposition grounds at Montgomery.

At 1:38 Washington time, when it was noon at Montgomery, the president touched the key and then dictated the following message to the operator: "The president and the members of the cabinet assembled around the telegraph instrument extend their best wishes for the success of your exposition."

The following answer was received from the president of the exposition, M. C. Burke: "The southern exposition managers extend to the president and the members of his cabinet their most grateful thanks."

#### Held for Murder.

**BRIDGEPORT, Conn., Nov. 6.**—Mrs. George Walker, the colored woman who was so severely cut with a razor by Charles Lees, about a week ago, died from the effects of the wound yesterday. Lees is held for murder.

#### Drowned in a Canal.

**PORT DALHOUSIE, Ont., Nov. 6.**—Capt. Downer, of the barge D. P. Dobbins, was drowned yesterday by being knocked off the foot gates of the canal lock here. He belonged to Port Huron, Mich.

## The Pension Office.

A Radical Change Made in the Business.

### NEW ASSIGNMENT OF DUTIES.

**All Cases of Any Importance Will Come Directly Under the Supervision of the Pension Commissioner—Other Dispatches From the National Capital.**

**WASHINGTON, Nov. 6.**—Pension Commissioner Ramm has for the convenient transaction of the business of the pension office made a few general assignment of duties. He ordered among other things that all cases involving intricate questions of law or fact should be brought to his personal attention; also all claims involving a large first payment or monthly payments of more than \$12. The medical division, law division, board of review, special examination division, certificate division and finance division, will be under the personal supervision of the commissioner.

The commissioner says that binding claims now on file constitute so great a mass that it is a physical impossibility to give them all immediate consideration. He enjoins the entire official force to be prompt, diligent and faithful, and gives assurance that recommendations for promotion will be made upon merit, and that the inefficient will be recommended for retirement.

#### Quartermaster General's Report.

**WASHINGTON, Nov. 6.**—Quartermaster General S. S. Holabird, of the army, has submitted his annual report to the secretary of war. He recommends the enlistment of men for the quartermaster general's department, the establishment of drill halls for winter exercise of troops; and states that repairs are needed to the roads leading to the National cemeteries at Chattanooga, La.; Fort Scott, Kan.; Natchez, Miss.; Springfield, Mo.; Mound City, Ill.; Richmond, Va., and Vicksburg, Miss.

He also recommends that permanent means of approach be established to the National cemeteries at Alexandria, Arlington, Va.; Culpepper, Va.; Fredericksburg, Va.; Fayetteville, Ark.; Fort Gibson, Indian Territory, Keokuk, Iowa; Poplar Grove, Va.; Port Hudson, La.; Staunton, Va.; Seven Pines, Va., and Yorktown, Va.

The report is composed mainly of accounts of routine operations performed during the year.

#### Appealing to the President.

**WASHINGTON, Nov. 6.**—George Bidwell, whose connection with the great Bank of England forgeries a number of years ago made him notorious, had an interview with solicitor Walker Blaine, at the state department yesterday, in regard to the case of his brother, who is serving a life sentence in England for his complicity in the forgeries. Both Bidwells are citizens of the United States, and George is endeavoring to have this government do something towards securing his brother's release. George Bidwell was pardoned in 1884 and since his release has published a book of his experiences.

#### Consul Lewis Exonerated.

**WASHINGTON, Nov. 6.**—William Reed Lewis will sail to-morrow for Tangiers. He will resume his position there as United States consul temporarily, and settle up his affairs in anticipation of a recall which Mr. Blaine will probably issue in a short time.

Ramon Azogue, the former interpreter at the Tangiers consulate, is not satisfied with the exoneration of Mr. Lewis from the charges preferred against him by Azogue, and he still lingers in this city, urging Secretary Blaine to make a further investigation at Tangiers. It is not likely that Mr. Blaine will grant the request.

#### Panic Predicted.

**WASHINGTON, Nov. 6.**—In an interview on the financial situation, Gen. F. E. Spinner, ex-treasurer of the United States, predicted that if the present silver policy was maintained, the first short drop would precipitate a panic. He suggested that all the gold be held in the treasury as a basis for interconvertible bonds and currency to be issued by the government.

#### Work of the Fish Commission.

**WASHINGTON, Nov. 6.**—Ground has been broken for the new hatchery of the United States fish commission at Put-in-Bay, Lake Erie, Ohio. The commission left yesterday to locate the hatchery and make all necessary arrangements to expedite construction.

#### Off on a Short Trip.

**WASHINGTON, Nov. 6.**—Commissioner Ramm left yesterday for a business trip to Philadelphia and New York, and expects to be back at his desk Thursday morning. The first deputy commissioner, Mr. Smith, will then take his annual leave.

#### Kavages of Diphtheria.

**NEW HAVEN, Conn., Nov. 6.**—Four deaths from diphtheria were reported in Fair Haven Monday, and some anxiety is caused by the news. The victims are all children. The board of health is watching diphtheria with great care, and is taking all measures to prevent its spreading. When a case of the disease is discovered a sign is posted in a conspicuous place near the house reading: "A case of contagious disease within." A dozen or so of such notices have been displayed recently.

#### Shot While Resisting Arrest.

**FREDONIA, Kan., Nov. 6.**—Frank Van Meter, aged 31, was shot and killed yesterday by G. W. Blackwood, a deputy sheriff, while resisting arrest at Buffalo, this county.

## Triumphant Democracy.

Elections were held yesterday in ten States.

Democracy was triumphant, and today the Republican household is draped in mourning.

The result is far more gratifying to the Democrats than they expected. They have routed the enemy in his strongholds.

In Ohio Forakerism, third-termism, bossism, Republicanism met with a crushing defeat, and home rule, the cause of the people, Democracy is triumphant. Incomplete returns show a Democratic gain of 21,000 over the vote of two years ago. The "stranglers" were downed in Cincinnati, the Democrats making a clean sweep, carrying Hamilton County by a majority of 8,000.

The Old Dominion Democracy did nobly, and buried Mahoneism by a majority of about 25,000. The Solid South is still solid.

New Jersey remains true to the faith, and Abbott, the Democratic nominee, the people's champion, wins by an overwhelming majority. It is a notable victory, considering the fight against him by railroad corporations and millionaires' boodle.

The Empire State reverses the verdict last year and rolls up a majority of 21,000 for the Democracy.

Maryland is still "My Maryland," and gives an increased Democratic majority.

The result elsewhere is even as gratifying. Heavy gains are reported in Iowa and Colorado, and the former State has probably elected her first Democratic Governor. Our dispatches are to that effect.

All in all, it was a grand day's work for Democracy.

Our dispatches elsewhere tell of the victory.

Will Harrison be made President a second time? The answer is to be found in reading the name Harrison backward, says an exchange.

There surely is enough pluck, money and energy in Maysville to establish a few more factories. Why can it not be brought about? It would give new life to our city, and citizens of all deserving classes and occupation would be benefited. We can not hope for much from the outside, but must depend upon ourselves in this matter.

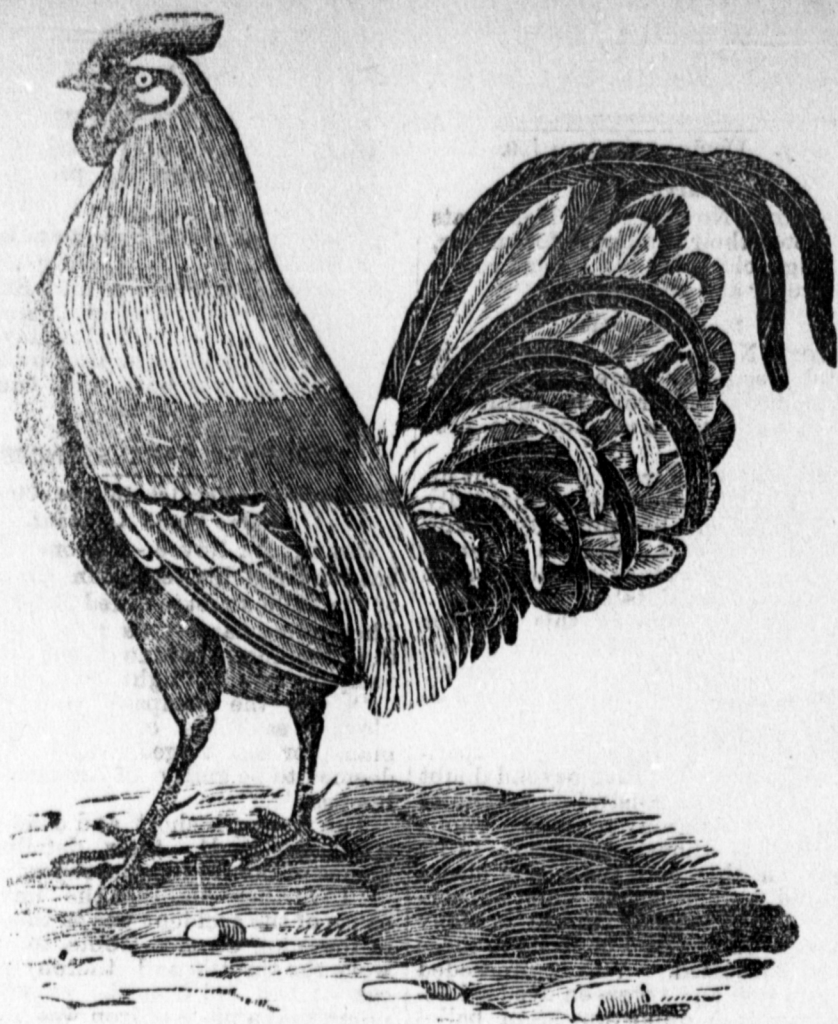

The Philadelphia Telegraph, a Republican paper, is strongly opposed to the law proposed by some of its party leaders giving the National Government control of Congressional elections. It is decidedly of the opinion that the people should still have "the untrammelled right and facility to say at the polls which party they prefer."

The Kentucky Real Estate Register and Trades Journal is the name of a new publication that will soon make its appearance at Lexington, with Colonel Jno. O. Hodges, of the Observer, and Mr. Harry T. Groom as editors and publishers. The paper will be devoted to the development of the State, and will be backed with abundance of capital.

One of the two one-footed Democrats in the race for Clerk of the Court of Appeals will most likely secure the prize. We refer to Major Matt Adams and Capt. Longmore. They fit on opposing sides during the late war, and if they will just combine they will certainly make a winning ticket. The boys in blue and the boys in grey would rally to their support, and the ticket would sweep things.

A BUSHEL of oats for a pound of binding twine; a pound of butter for a pound of sugar. This is about the condition of the home market for which the farmers voted last fall. If they don't like it, there is no one to blame but themselves, because the cities and manufacturing districts, as a rule, voted the other way. If protection makes high wages, farmers ought to come in for their share, but on this deal it looks as if they were "getting left."—Savannah Journal.

NOTWITHSTANDING the high tariff on wool the number of sheep in this country has been reduced 7,000,000 since 1883, according to Secretary Rusk's late report. As an exchange remarks, "if the Secretary of Agriculture be correct in his arithmetic the tariff has been rougher on American sheep than a pack of wolves would have been had they been prowling around in the vicinity of every flock." There's a lesson in the above figures for farmers who are engaged in wool-growing.

## LATEST FROM OHIO.

### Foraker Done For, and the Legislature [no] Doubt Democratic.

Special to BULLETIN.

CINCINNATI, November 6, 9:30 a. m.—Campbell's majority in Hamilton County 8,000. Gained largely all over the State.

Incomplete returns from the State indicate Campbell's election. The Commercial-Gazette practically concedes it, but thinks the Republicans saved the rest of the State ticket, though Democrats claim all.

Legislature doubtful, but chances favorable to Democrats.

Seven hundred and sixty-five precincts outside Cincinnati show Campbell gained over thirteen thousand over vote two years ago, or twenty-one thousand with Cincinnati.

AMERICAN PRESS ASSOCIATION.

CINCINNATI, O., November 6th.—Returns from one-half the precincts in Ohio give Campbell, Democrat, over two thousand plurality. Republicans think all State ticket elected but Foraker. Democrats claim whole State ticket and Legislature.

Returns show only vote for Governor on State ticket, as Republicans stayed at home. Chances are in favor of the Democrats.

AMERICAN PRESS ASSOCIATION.

The Court of Appeals in the case of the Commonwealth of Kentucky vs. the Louisville Water Company emphasizes its opinion in the case of Whitaker, Auditor's Agent, vs. Baldwin. The court holds that the State of Kentucky can not collect taxes by proceedings in court, but must pursue the summary method pointed out by the law. The Covington Commonwealth remarks that as the law will not permit a water works, nor a fire engine, nor any of the paraphernalia belonging to a well regulated city to be seized, it is not apparent what remedy the State has.

SENATOR BECK arrived home on Friday looking very well for a person who pretends to be a valetudinarian. It is a little amusing to one who has known the gentleman for forty-five vigorous years, to sit by and hear him talk of his symptoms as if he was old Moses Ellis or Tom Collins, well-known in this town forty years as the greatest discussers of symptoms ever seen, and who aggravated their complaints and finally died because they would not give their symptoms a rest. Mr. Beck looks as well as he ever did in his life, and as if he had many years of vigor of body and mind yet, for enjoyment and usefulness.—Lexington Gazette.

The Democratic candidates for the county offices of Boyle County will be nominated by the process of a committee canvassing the voters at their respective homes, and the Danville Advocate says of the plan: "The floater says 'the County Democratic Committee beats h—l.' The floater uttered a truth that is plainly visible in his being frustrated in an unlawful and most degraded practice. The County Committee, by ordering the nominations to be made in the way it has, did certainly beat the floater, consequently it must be admitted it went a good ways towards beating the plan from whence their wickedness emanates. The County Committee will have performed a great mission if it has successfully balked these candidate bleeders, whose franchise is used for an ignoble purpose."

## OFFICER MANGAN HURT.

Falls Down An Elevator Shaft and Receives Painful Injuries.

Deputy Marshal Mangan met with a serious accident yesterday afternoon about 4:30 o'clock, at the Zweigart Block.

He had started up stairs to the Republican office to attend to some matter of business. At the landing on the second floor there is a door leading into Dr. Wardle's dental rooms, another door leading to the Republican office on the third floor and a third door through which the elevator is reached. This third door fronts the stairway, and is usually fastened by a spring lock.

Mr. Mangan mistook it for the door to the Republican office, and opening it stepped in. The next instant he landed at the bottom of the shaft. The fall was about twenty feet. His left arm was broken between the wrist and elbow, and he received painful injuries to his back and left side.

He was gotten out at once by Dr. Wardle and others and removed to Dr. Adamson's office where his injuries were dressed, after which he was taken to his home. This morning he was resting as well as could be expected. The accident will disable him for some time.

The place where the accident happened is a dangerous trap, and should be kept securely locked. On one or two other occasions persons have come very near walking into it.

### The Fate of Two East End Boys.

About two years ago George Bell and James Ford left their home in the East End and went to Fort Worth, Texas, where they joined the regular army.

A letter has been received by young Bell's relatives stating that one day last week the boys had a quarrel about a watch, and their superior officer told them to settle the dispute by fighting it out with their guns. At the first shot, George Bell fell, shot through the heart. Ford was also fatally wounded.

The letter giving an account of the affair came from an officer in the boys' company. A telegram was received by young Ford's father stating that he was dying.

Young Ford was driver on the street cars for a year or so before he left this city.

### Assaulted a Former Maysville Girl

Mention was made yesterday that Jim Nutter, colored, had been jailed at Cynthiana for attempted rape. A later report states that his intended victim was Lizzie, the eleven-year-old daughter of William Shepard, a carriage painter who lately removed from Maysville. The assault was made while she was returning to her home Saturday evening. The attack was a bold one, especially at the hour, as many people cross the bridge on which it was made at that time. The brute flourished a stolen pistol in the face of his intended victim, threatening to kill her if she did not comply with his demands. The screams of the girl so frightened the fiend that he took to his heels and ensconced himself in a neighboring corn-field, where he was captured by Jailer Lail next morning at daylight. There are loud threats of lynching he would be rapist.

### Railway News.

The Supreme Court of Ohio has decided that "scalped" tickets are good.

Ashlanders are kicking because the C. & O. doesn't run the accommodation train through to that point. It now stops at Russell, four miles west of Ashland.

Augustans mourn and refuse to be comforted because the C. & O. declines to allow the F. F. V. to stop at that point. This train stops only where it is absolutely necessary.

The State Railroad Commission of California in its annual report estimates that the track laying for the year 1889 will not exceed 125 miles, which makes the total road of the State about four thousand two hundred and fifty miles.

Tourists to Old Point Comfort will be glad to learn that the C. & O. is extending its line right up to Fortress Monroe, the track to cross an arm of the bay on a crooked trestle. The new depot will be within fifty steps of the famous Hygeia Hotel.

The Enquirer says "the Kentucky Central people are not losing any sleep over the appointment of Major C. L. Norman as receiver. The State of Kentucky holds judgement against the K. C. for taxes, which the railroad refuses to pay. They will prevent Major Norman from taking charge of the property by an injunction, and the case will be taken to the United States Court for settlement."

### New York Dress Cutting School.

Will continue my teaching of dress cutting and making at Hill House, Sutton and Front streets. Tell linings given.

THE Atlanta Constitution calls attention to the fact that "Harlan County, Ky., which is the center of riot and bloodshed in this country, is a Republican stronghold." At the last election Harrison had a majority of more than six hundred."

# ABSOLUTELY · RELIABLE · FOOTWEAR

◀IN THE WAY OF FINE SHOES!▶

We show, this season, the handsomest and best lines made in this country, representing more styles and combinations than was ever before offered in Maysville. Special attention is called to our LADIES' WALING SHOES, made by the Goodyear Welt process, equal to hand-work in appearance and finish—superior for comfort and flexibility, perfectly smooth innersoles, without nails, tacks, or thread—and much lower in price, with soles just the proper thickness to prevent moisture or cold from penetrating—often obviating the necessity of rubbers in damp weather—still not stiff or clumsy, but easy to "break in." These come in all shapes and widths, and in qualities to suit the purses of all. In regard to Medium and Low-price Shoes, we have a most complete stock, ranging in price from \$1.10 for a Ladies' Genuine Dongola Kid Button, to \$1.25, \$1.35 and up. WE SELL SOLID GOODS ONLY, such that will prove satisfactory to the wearer. Our prices will be found the lowest right through, where quality is any consideration.

## MINER'S SHOE STORE.

### Here and There.

Miss Rosa Carr, after a very pleasant visit to friends in Paris, has returned home.

Miss Birtie Hick, left yesterday to spend several days with friends in Carlisle.

Miss Clara Beardsley has returned from a visit to the family of General Ewing at Murfreesboro, Tenn.

Miss Agnes O'Donnell, of Maysville, is visiting Miss Mayme Ready, of this city. —Lexington Transcript.

Mr. and Mrs. Will Henry Means arrived home yesterday from their trip to Boston and other points in the East.

Mrs. Powell Owens, of Fern Leaf, left on the K. C. this morning for Louisville, where she will spend several weeks with her cousin, Mrs. Vanmeter.

Mr. George B. Thomas, of Maysville, Ky., who has been traveling through California and Alaska during the past year, arrived in this city last Saturday. George is the prince of good fellows, and the descriptions of his travels sound like a leaf from the Arabian Nights.

### Stock and Crops.

Iowa boasts of a corn crop of 336,000,000 bushels, valued at \$75,000,000.

It is estimated that in Waupaca County, Wis., over 1,000,000 bushels of Irish potatoes were raised this year.

A crop of seventy bushels of wheat per acre is reported in the Rural World by some St. Clair County, Mo., farmers. To be exact, two measured acres produced 142½ bushels, or 71¼ bushels per acre. We do not disbelieve this, for the possibilities of wheat growing have never yet been fully understood by farmers. In Western New York many years ago a yield of nearly sixty bushels per acre was produced.—Exchange.

### He Received a Message From the Express.

Christopher Gould, the assistant dispatcher of the Philadelphia and Reading Railroad, who resides at 609 North street, Harrisburg, last Wednesday received \$15,000 from the Louisiana State Lottery. He held one-twentieth of ticket No. 8,174, which drew the first capital prize of \$300,000, in the drawing of the 10th inst. In a personal interview with the gentleman, he informed us that the first ticket he ever purchased was about four months ago, and that \$8 was all that he had invested in it.—Steelton (Pa.) Advocate, Sept. 27.

In days like these, the maiden fair  
Puts on a heavy dress  
And goeth forth to take the air  
And gather leaves to press.  
Although she calls this splendid fun,  
The charming little elf,  
How would she feel—the cruel one—  
If she was pressed herself?

JOE MULHATTON has been telling some more of his big stories, it seems, from the last issue of the Lexington Drummer. It gives an account of a man at Millersburg drinking turkey blood for consumption, and the subsequent growth of feathers all over his body. The man also roosts in a tree and scratches for bugs like other turkeys.

The second annual meeting of the Kentucky Equal Rights Association will be held in Lexington November 19th, 20th and 21st, in the court house. Among the speakers will be Mrs. Mary B. Clay, of White Hall, and Mrs. Josephine K. Henry, of Versailles, and on Thursday evening Rev. Joseph B. Cottrell, D. D., of Franklin, will deliver an address on woman suffrage. The presence and co-operation of all suffragists in the State is desired. For further particulars address Laura Clay, Pres., 78 N. Broadway, Lexington, or Mrs. Eugenia B. Farmer, 1026 Russell street, Covington.

For the benefit of Sheriffs, Constables and other officers and the information of the public generally, a recent decision of the Superior Court is here given:

First—Indemnifying bond, taken by an officer, before levying an attachment, does not protect the officer from an action by the person injured; but such a bond taken by an officer before levying an execution protects him from any action by "the claimant or purchaser," the person injured being required to sue on the bond.

Second—The right of an officer to demand a bond of indemnity before levying a distress warrant is limited to a case where a person "other than the tenant, his assignee or under-tenant" claims the property; and, therefore, no such right exists where the property is claimed as exempt or where the officer doubts whether it is subject to the distress warrant.

## Anarchist Activity.

Headquarters Moved From Chicago to St. Louis.

### PREPARING A DEMONSTRATION.

They Will Commemorate the Death of Their Brother Anarchists That Were Hung in Chicago November 11, 1887. Revolutionary Circular Issued.

ST. LOUIS, Nov. 6.—On Saturday and Sunday evenings the Anarchists in this city will hold meetings to commemorate the death of their brother Anarchists in Chicago on Nov. 11, 1887. The meetings will be held in Wor. in men's hall, at Third and Elm streets, the objects being to keep alive in the minds of the Anarchists the Chicago executions.

The revolutionary sentiment is apparently very strong, judging from a circular recently printed by leaders of Anarchists in this city. The prominence taken by Anarchistic sympathizers in St. Louis would also lead to the belief that the headquarters of the movement have been transferred to this city. The circular is ostensibly sent out by the Progressive Workingmen's association, but it is claimed to have been by the "Committee on Agitation of the International Workingmen's association."

The circular is one of the most venomous and radical ever published, and was printed recently in New York for St. Louis Anarchists, and has been distributed all over the country, thousands of copies having been scattered in this city. This circular or pamphlet, is composed of about eight pages of matter. The borders of the pages are printed in black, to signify mourning, the black lines coming together in the center to represent two gallows frames formed. In the cover of the pamphlet is inscribed in bold letters: "In memoriam of the martyrs of the working people murdered at Chicago, on Nov. 11, 1887."

It is addressed to the working people, and recites that five men suffered "a crime such as history has never witnessed before. Not even a shadow of evidence was produced to show that they had violated . . . those barbarous laws . . . society puts forth in justification of their judicial misdeeds. An unknown, who in common with a great many others suffered an attack on the 4th of May, 1886, at the hands of an assassin band of 200 policemen, hurled a bomb in self-defense. . . . This action of legitimate resistance was avenged not on the individual whose identity up to the present date has remained a mystery, but if served as a pretense to destroy the best, the most intelligent and self-sacrificing counselors of the working people of Chicago."

The pamphlet asks what the workers have done to save their counselors, and it answers: "Nothing, or next to nothing. The courage of manhood was needed; instead, they collected money."

Then follows this declaration: "A daring deed would have frustrated the November crime; in-tead, the working people passed resolutions. How different it might have been if those who participated in this kind of demonstration had made a bold front, as the urgency of the situation demanded. Who ever still maintains that the ends of justice were served has no right to the title of man. He belongs to the category of brutes. We do not mince matters nor sugar coat a word, that sounds menacing."

The writer admits that the men who suffered death in Chicago were Anarchists, Communists, Atheists and "Soldiers of the Revolution."

Communism is explained to be the logical outcome of capitalism. Atheism is said to be called to demonstrate truth, to replace faith by knowledge, and to annihilate ignorance.

Finally, says the spokesman for the progressive workingmen: "Dediantly we admit that our five were not so bigoted as to respect the so-called patriotism, but their hearts were aglow with a cosmopolitan flame that is soon to fuse the several nations into one grand whole."

The circular then concludes by calling on Anarchists, Socialists, trades unionists, Knights of Labor, Turners, free thinkers and citizens to seize the opportunity offered on Nov. 11 to divide good and evil into two camps, and to rally under the standard of social revolution.

### CHEROKEE DEMANDS.

If They Are Granted It is Said the Purchase of the Strip Will Be Easy.

ST. LOUIS, Nov. 6.—After the organization of the Cherokee council yesterday by the election of T. C. Bell, the leader of the Downing party, as president of the senate, that gentleman outlined a policy which he said would probably be pursued by the Indians. He considered the money consideration for the strip lands as secondary to others which the government should grant.

"We should have," he stated, "first, the right to determine who are and who are not Cherokee citizens; second, a joint commission to determine who are entitled to vote under the treaty of 1866; and, third, we should have the same rights as any other American citizens to come into court and protect ourselves by law. In short, give us half the rights of citizens of the United States in the courts and the sale of the strip will be easy."

A committee will be appointed to confer with the United States commissioners, and the above concessions will no doubt be demanded.

### BLIZZARD IN NEW MEXICO.

Three Men Frozen to Death on the Plains Near Folsom.

FOLSOM, N. M., Nov. 6.—Henry Miller, the range foreman for Col. Head, with several cowboys, camped near Sierra Grande with 1,800 beef cattle on Thursday night last. At 4 o'clock in the morning a blizzard came from the northwest. The men became separated. Friday night one of them wandered

into Head's home ranch, half dead with cold and hunger. He told his story, and a rescuing party was immediately sent out, and at noon the frozen bodies of Henry Miller, Joe Martin and Charlie Jolly were found lying on the open plains not far from Folsom. The other men succeeded in finding their way to camp before being overcome with cold.

### CRONIN CASE.

The Hearing Adjourned on Account of a Holiday.

CHICAGO, Nov. 6.—There was some delay in opening court in the Cronin trial Tuesday owing to a consultation between the judge and the lawyers for the state as to the possible effect on the final result of the case of holding court. The counsel for the people feared that in the event of a verdict of guilty having been rendered by the jury the upper court on an appeal might construe the hearing of the case on a legal holiday as an error.

It was thought best to avoid any possible trouble to adjourn court until Wednesday, which was done. The line of evidence which the state proposed to introduce was following up the movements and history of the trunk, and showing how it was found on the roadside.

### A Witness from Winnipeg.

CHICAGO, Nov. 6.—McKinnon, the detective of the Canadian Pacific railroad who arrested Burke at Winnipeg, will be one of the witnesses at the Cronin trial this week. His testimony will be valuable to the state as showing Burke's flight to be an evidence of guilt. All the evidence so far in the hands of the state's attorney show only that Burke was at Winnipeg and arrested there. McKinnon's testimony will show that Burke at Winnipeg was trying to escape by using a false name and trying to avoid a discovery of his identity. McKinnon arrested Burke at the railroad yards while the suspect was skulking around attempting to enter by the back way so as to board the train without passing through the well-lighted station.

When searched at the police station a money receipt in the name of "Cooper" and a railroad ticket purchased under a false name was found on Burke's person. Burke also strenuously denied his true name. All this will be used as evidence of flight, as the lawyers say, and will tend to prove Burke's endeavor to escape arrest.

It is rumored about the criminal court building that Heffer and Mills will come with McKinnon.

### A CHECKERED CAREER.

A Gentleman, Scholar and Statesman, and Acquires Fortune and Family.

CHICAGO, Nov. 6.—The body of Charles J. Reed, formerly a Chicago man, was found floating in the Missouri river near Independence, Mo., yesterday. The wounds found on the body indicated that the man had died by an assassin's hand. Reed's career was checkered. The five years or so he lived in Chicago were spent in a hard struggle against poverty, and a greater but unsuccessful fight against the power of liquor.

"The man certainly was a most remarkable genius," said Mr. F. J. Clark, a publisher, this morning. Reed was in his employ for a year or two as a canvasser and a general man of all work. "Reed was a gentleman and a scholar, and a statesman as well," said Mr. Clark, "and in his early day was recognized as one of the foremost politicians and men of letters in New York state. He was a state senator and representative in the New York legislature for a number of years, and also editor of the Binghamton, N. Y., Republican, and became widely known."

"He finally dropped political and newspaper work, and moved to St. Louis, where he at once came into politics. He finally left that and went into business and amassed a fortune. He was married and had two small children, but there was a domestic smash-up and Reed left his wife, or she left him. Then he began to drink and went down and down, and finally his fortune passed away and he was worse than at the bottom of the ladder. He came to Chicago about five years ago and could have risen once more had he been master of himself, but he was too far gone, and result was that he stayed down. About a year ago he left my employ."

### A SMUGGLER DISGORGES

Under the Influence of Evangelist Moody's Preachings.

ROCKFORD, Ill., Nov. 6.—In his discourse here last evening Evangelist Moody said that he had just received a draft for \$2,500 in a letter from a man who had been a Canadian smuggler, and who had been converted under his ministrations.

Mr. Moody had told him that if his salvation were to be made sure he must make complete restitution to the government which he had defrauded. The man asked Mr. Moody to send this draft to the proper authorities of the government, and said it was the total amount out of which he had beaten the country.

### Pure Cussedness.

CARLEISLE, Ky., Nov. 6.—John Marks, colored, aged 15, deliberately shot and killed his playmate, John Young, 14. The boys had no quarrel, and it seems to be a case of pure devilry. Marks is in jail.

### Bold Daylight Robbery.

LOUISVILLE, Ky., Nov. 6.—One of the boldest robberies that has ever been perpetrated in this city took place at noon yesterday on Fourth near Walnut, a crowded street, with many pedestrians in the immediate vicinity, a well known lady, Mrs. H. E. Harrison, was attacked by a soundrel and robbed of her hand satchel, containing \$400 worth of diamonds. The thief made good his escape.

### Lake Vessel Lost.

DETROIT, Mich., Nov. 6.—A special to The News from Cheboygan, Mich., says: The schooner Palms, with her cargo, is a total loss. She jumped Grey's reef during the recent blow and sank. Her cross-trees are visible above the water. Her crew is here. This may be the wreck Capt. McCarty reported a St. Ignace to-day.

### AGENTS WANTED.

For Club Rates, or any further information desired, write legibly to the undersigned, clearly stating your residence, with State, County, Street and Number. More rapid return mail delivery will be assured by your enclosing an envelope bearing your full address.

**IMPORTANT.**—Address M. A. DAUPHIN, New Orleans, La., or M. A. DAUPHIN, Washington, D. C., by ordinary letter, containing money order issued by all express companies, New York Exchange, Draft or postal note. Address registered letters containing currency to New Orleans National Bank, New Orleans, La.

**REMEMBER,** that the payment of Prizes is guaranteed by four National Banks of New Orleans, and the tickets are signed by the President of an institution, whose chartered rights are recognized in the highest courts; therefore beware of all imitations or unscrupulous schemes.  
**ONE DOLLAR** is the price of the smallest part or fraction of a ticket issued by us in any drawing. Anything in our name offered for less than a dollar is a swindle.
